Mr. Robert Matthews
News Director
WBAL-TV
Baltimore, Maryland

Dear Mr. Matthews:

On July 12 I was filmed by your reporter, Miss Ricky Stofsky, supposedly for airing on your 7 p.m. newscast that night. This film was not then used and if it has been since it has not been reported to me.

Your reporter insisted that I comment on certain things I preferred not to refer to. At her insistence, I did so.

I would very much appreciate an unedited sound tape of this interview, which I think I should have for my protection because of the current involvement of NBC in a partisan role in events about which I have written.

Sincerely yours,

Harold Weisberg
